In accordance with 37 C.F.R. §1.98(d), copies of the identified references are not required to be provided because they were previously cited by or submitted to the Patent Office in the prior applications. Applicants have identified the prior applications and rely upon such prior applications for an earlier filing date under 35 U.S.C. §§ 119 and 120. The present

Applicants further reserve the right to take appropriate action to establish the patentability of the disclosed invention over the listed documents, should the documents be applied against the claims of the present application.

Applicants believe there is no fee required for this timely submission. However, if any fee is required, or if any overpayment has been made, the Commissioner is hereby authorized to charge any fees, or credit or any overpayments made, to Deposit Account 02-4377. A duplicate copy of this paper is enclosed.

Respectfully submitted,
